

Carrier Oil

Allergy Information

Carrier Oils Made from Nuts

You may be surprised that there are not more carrier oils made from a nut. However if you are allergic to nuts you may react to oils made from kernels and seed as well.

Argan Oil
Tamanu Oil
Shea
Walnut

Carrier Oils Made from the Kernels

Not all people who react to nut oils react to kernel oils but you should use caution until you know if you do or not.

Almond Oil
Apricot Kernel Oil
Marula Oil Virgin
Vitamin E Refined
Vitamin E Virgin

Carrier Oils Infused in Almond Oil

If you react to oils from kernels or more specifically almond oil then you will definitely want to avoid these as well.
