Cedarwood *(Cedrus atlantica)*

Traditionally used by the Indians to enhance spiritual communication. Calms anger and is good for nervous tension and ailments related to stress. Particularly good for cystitis, urinary infections and water retention. Also useful for chest infections, coughs, acne, general tonic, cleansing, rheumatism, asthma, scalp disorders (dandruff & hair loss), cellulite, psoriasis, anxiety, anger. Often used as a deterrent to moths and as an insect repellent, particularly for spices and other food items.

Ingredient In: LeBelieve, LeExhilaration, LeIQ, LeSanctuary

Therapeutic Properties: Antiseptic, tonic, anti-fungal, anti-seborrheac, regenerative, astringent, diutetic, expectorant, fungicidal, stimulant to circulatory system, but sedative to nervous system - this is a rare and powerful combination

Application: Appropriate areas on feet, directly on areas of concern

Contra-indications: Avoid if pregnant, be careful when using with small children
