Frankincense *(Boswellia carterii)*

Considered a holy oil in the Middle East. It was used in ancient times for improving the communication skills with the Creator. Frankincense contains Sesquiterpenes, which recent research indicates crosses the blood-brain barrier to help oxygenate the pineal and pituitary glands. It supports the immune system. When we have a better attitude, we have a stronger immune system Most Valuable Uses: Skin diseases or disorders, circulation problems, hemorrhoids, coughs, colds, bronchitis, rheumatism, urinary tract infections, antiseptic, antibacterial, depress, general tonic, mental fatigue, headaches, laryngitis, nervous conditions, pneumonia, sores, stress, tension, ulcers and sciatic pain.

Ingredient In: [Le]Acknowledge, [Le]Assurance, [Le]Balance, [Le]Believe, [Le]Bountiful, [Le]Eternity, [Le]Everlasting, [Le]Ez-Traveler, [Le]Faith, [Le]Grateful Heart, [Le]Inner Peace, [Le]IQ, [Le]Journey, [Le]Life Force, [Le]Magi, [Le]Meditation, [Le]Tomorrow, [Le]Trust, [Le]Turmoil, [Le]Unity

Therapeutic Properties: Tonic, stimulant, expectorant, antidepressant, balsamic, antiseptic, revitalizer, anti-catarrhal, anti-tumoral

Application: Apply to appropriate areas of the feet, directly on area of concern

Aromatic: Use in times of stress, tension, fear, anxiety, and mental exhaustion
