Melissa *(Melissa Officinalis)*

Brings out the gentle characteristics within people and instills a positive outlook on life. Valuable Uses: allergies, anxiety, asthma, bronchitis, chronic coughs, colds, cold-sore blisters, colic, depression, eczema, fevers, heart conditions (where overstimulated), hypertension, indigestion, insect bites, insomnia, palpitations, shock, sterility (in women), throat infections, vertigo, vomiting. The University of Munich reports a complete remission of herpes simplex lesions from use of this oil. (Melissa is extremely expensive; what we sell is an extremely well-done blend of other oils to simulate the healing properties of this amazing oil)

Therapeutic Properties: Antiseptic, antibiotic, anti-viral, sedative, calmative, antidepressant, stimulant, stomachic

Application: Can be applied to the feet or to any area of the body

Aromatic: Has a delicate and wonderful lemony scent
