Rose, absolute (*Rosa damascena)*

Rose has the highest frequency of all the essential oils. It enhances the frequency of every cell of the body, helping to bring about physical and emotional health and balance. Rose Damascena and Rose Centifolia are the ones for which most of the literature is written, although other species are sometimes utilized by essential oil producers. It is possible, with a good nose and a good buyer, to find a marvelous Rose that is high in frequency, very effective and only expensive - not absurdly expensive! Rose is one of the very best oils for use in an emotional crisis, extreme debility and fatigue, and is also effective for a wide range of physical problems.

Ingredient In: LcBaby Me, LcBelieve, LcBenediction, LcDiscernment, LcEverlasting, LcFaith, LcHeart Song, LcTomorrow, LcTrust, TLcurmoil

Therapeutic Properties: Anti-infectious, antiseptic, astringent, tonic, stimulant, aphrodisiac. emollient, nervine, cytophylactic

Application: Apply to the feet or to areas of concern on the body; wear as a perfume

Aromatic: Intoxicating fragrance, stimulating to the mind, aphrodisiac effects

Contra-indications: Use with caution during pregnancy
