

SEMINAR IN QUANTUM HEALING

HOSTED BY BUTTERFLY EXPRESSIONS

6-9 MARCH 2017

Speaker: Ron Hamm DVM

Science has evolved beyond the limited perspective of materialism making it now possible to condense and integrate many of the different empirical healing rituals of history into one comprehensive, logically congruent, and simple technology of healing.

Program:

- Clarify the fundamental philosophies of the material and energy paradigms, pointing out the important differences between material fix/cures and subtle energy healing.
- Provide an overview of quantum mechanics and the newest insights of neurophysiology.
- Brain type participants to establish the individuality factor.
- Review the basic psychologies of healing treatments :
 - Intention
 - Placebo
 - Hypnosis
 - Conditioning
- Work on expanding conscious awareness and the cultivation of psychic and intuitive abilities :
 - Meditation techniques.
 - Entrainment technologies.
 - Divination and dowsing techniques.
- Show how to reframe the classic alternative medical modalities in terms of quantum mechanics.
- Out line the specific strategies for integrating conventional medicine, acupuncture, homeopathy, herbology, Qi Gong, and radionics.
- Show how to set up and manage psychic networks to help diagnose and treat patients.
- Review how to select, prepare, and deliver subtle energy remedies.
- Show how to customize treatment protocols to compensate for the differences in the individual clinician's brain type and abilities.
- Characterize and demonstrate the holistic medical approach by:
 - Analyzing and treating some horses, dogs, and individuals in the course.
 - Evaluating the photographs of some of the participant's patients.

Bring : 1. Laptop and a set of **stereo** Head phones. Presentation will be provided on USB Flash Drive.

2. Photographs of one or two patients you would like help with.
