LeBeGone

LeBeGone should be sprayed on the of pant legs, sleeves, and hats being careful to avoid contact with the eyes. Each of the single oils in this blend is among the best at repelling insects and was designed to help prevent insect and tick bites. LeBeGone has an amazing aroma and is one of my favorite oils to wear, even when not out in the “wild”. LeBeGone contains many oils used for depression, anger, and judgemental attitudes and creates a feeling of being loved and supported.
