LeGrateful Heart

LeGrateful Heart is relaxing and creates tender feelings of empathy, gratitude, tolerance, and compassion. This blend promotes feelings of gratitude for all that we have and all that others do for us. It has a marked effect on the dark clouds of depression. It can be used to relax the mind and body. Dissatisfaction and discontentment are destructive to the nervous and immune systems. LeGrateful Heart addresses these imbalances and can provide support and healing for these feelings.
