

QUICK REFERENCE SHEET

LeAway Essential Oil Blend

Catnip, Cedarwood, Citronella Java, Clove Bud, Eucalyptus Peppermint

APPLICATION:

LeAway should be diluted in water or Miracle II Neutralizer and applied, either by misting or rubbing on, just as you would with any other insect repellent. You can also spray the diluted solution on clothing and on the bottom of pant legs, sleeves, and hats, being careful to avoid contact with the eyes.

GENERAL INFORMATION:

Insect bites can be dangerous as well as just annoying, but slathering yourself with chemicals may not be a good solution. LeAway is a blend of some of the single essential oils most often used to repel insects.
