QUICK REFERENCE SHEET

Catnip/Chamomile

Combination

Catnip, Chamomile

2.00 Catnip
2.00 Chamomile

Total Herbs 4.0 oz
Glycerin Ratio - 1:15

This formula is made as a glycerite because it is typically used for colicky, cranky, or teething infants. It is also excellent for babies, children, and adults suffering from bloating and/or gas. Chamomile and Catnip are both very relaxing herbs, making this formula good for those who are having trouble sleeping.
