QUICK REFERENCE SHEET

KATRAFAY

Cedrelopsis grevei

Plant Family: Rutaceae

Extraction Method: Steam Distilled

Part Utilized: Bark

Region of Origin:

Madagascar

INGREDIENT IN:

LeAmbition, LeBenediction, LeDelicate, LeFaith, LeSolitude, LeTomorrow

PHYSICAL ASPECTS:

The remarkable quality about Katrafay is its high percentage of sesquiterpenes (about 67.5%). Sesquiterpene molecules readily cross the blood/brain barrier. They bring increased amounts of oxygen and healing properties to the central nervous system. The high percentage of sesquiterpenes also makes Katrafay a good fragrance fixative. Katrafay essential oil is indicated for mental fatigue, headaches, sciatica and muscle pains. It is traditionally used in Madagascar after childbirth.

AFFINITY FOR:

lymphatic system, skin, joints, liver meridian, crown chakra, yin energy

THERAPEUTIC PROPERTIES:

anti-inflammatory, anti-rheumatic, tonic, astringent, lymphatic cleanse

AROMATIC CONSIDERATIONS:

The aroma of Katrafay essential oil is “earthy” with a green, mossy scent. The pale yellow liquid blends well with Lavender, Tea Tree, Rosemary, Clary Sage, Nutmeg, Lemon and Marjoram.

APPLICATION:

Katrafay should be diluted well and applied to areas of concern.

CAUTIONS:

Katrafay is generally non-toxic and non-sensitizing. It should be diluted well. Avoid use during pregnancy.
