Cajeput

Cajeput is a form of tea tree. If you like the aroma, cajeput can be diffused to kill odors and airborne bacteria. The emotional aspects of cajeput are helpful for people who are stuck in a situation they are afraid to leave but also find impossible to stay. Cajeput encourages swift and decisive action and minimizes tendencies to look back and second guess ourselves. Cajeput has amazing tissue regenerating properties. Useful for skin problems including acne. Effective against infections anywhere in the body.
