Galbanum

Galbanum essential oil was used by most ancient civilizations as an incense and is recognized as an oil for nervous tension. Galbanum soothes the soul, bringing calmness and a sense of peace with the way things are. Galbanum is an oil that strengthens and supports the entire system. It is useful for treating skin disorders, muscle aches, and inflamed wounds. It is also useful for circulation problems and arthritis. Galbanum adapts itself to the body chemistry of the user more than most essential oils do.
