Geranium Zdravetz

Geranium Zdravetz is known to have a natural lightening, or bleaching, effect on skin imbalances such as hyper-pigmentation and blemishes. It has been indicated in studies as being healing to the reproductive system, and is beneficial in relieving menopausal symptoms. It is said to lower blood pressure, strengthen capillaries and stimulate the blood vessels, lower and stabilize blood sugar levels, help with jet lag, relieve neurogenic headaches, and can relieve insomnia, fatigue, and induce sleep.
