Kunzea

Kunzea helps to relieve nervous tension, stress, and mild anxiety. It has been used for relief from the pain of arthritis. Kunzea relaxes the muscles, reduces inflammation, aids circulation to nerve endings, and promotes healing. Kunzea has been tested and proven effective against staph, e-coli, and candida. Kunzea has been used for symptoms of influenza, colds, sinus infections, and recurring shingles. It has been used for headaches and migraines and as an insect repellent, especially against ticks.
