Yarrow

Yarrow is a truly great healing oil! Applied topically to a cut, yarrow will pull the edges together and help the cut to heal almost miraculously. Yarrow's antiseptic properties are strong enough to prevent infection, no matter how dirty or contaminated conditions were at the time of the injury. Yarrow, known for centuries as an herb to stop bleeding, is even more effective in the concentrated essential oil form. Just as yarrow oil pulls together the edges of a deep wound, yarrow pulls together and heals the damaged places in our energy.
