This is an amazing kit for anxiety, helping you deal with pressure, and boosting your ambition. It will help you reach your goals. It helps us be healthy, stay focused, and allows us to learn easier, making school fun, safe, and the best it can be for every student. It comes with sample bottles making it convenient to send oils to school with your kids, or keep in your purse or pocket.

LeAmbition

A wonderful rejuvenating blend. This is an oil that brings balance to the soul. It energizes the mind and opens communication between body systems as well as our communication with others. ^{LeAmbition} cultivates a feeling of self worth. ^{LeAmbition} is a whole body rejuvenator, and is a great pick-me-up. Promotes the ability to move forward in achieving one's goals, while being mindful of the needs of others.

Deliverance

^{LeDeliverance} is one of the most potent antiviral, antibacterial, antifungal combinations available. Some common methods of use are to soak the family toothbrushes in ^{LeDeliverance} mixed with water. Add to water before washing clothes, dishes, or wiping down surfaces. Place on a cotton ball or in an inhaler and carry with you, inhaling frequently during the cold and flu season. Use to eliminate airborne bacteria and viruses.

Millenia

One of my favorite uses for ^{LeMillenia} is in working with ADHD and hyperactivity. Applying ^{LeMillenia} to the feet at least once a day can make a profound difference in a child's ability to sit still and concentrate. ^{LeMillenia} builds courage, confidence, and self-esteem while being calming and relaxing at the same time. I like to use the feet because the person can put his shoes back on, go to school, and no one teases him because he "smells like flowers." Consider using ^{LeTranquility} also.

Victory

^{LeVictory} is an excellent oil for children who have a difficult time moving from the left (logical) side of the brain to the right (creative) side of the brain. It helps connect thought patterns and electrical activity across the corpus callosum. This blend is a perfect choice for the child who sometimes has a hard time separating fantasy and reality. For adults, this blend is very calming and can bring us to a place where we can accept what is, and who we are without fear of failure or rejection.

Hand Sanitizer

Germs are a part of life - they are everywhere. No matter how careful you are, you cannot escape them. Stopping the spread of germs requires killing them before they can spread to someone else. There is absolutely no substitute for washing your hands with soap and warm water, but we can't always do that.

Many people think that hand sanitizer is the answer to "germ warfare" when they are away from home. However, purchasing name-brand sanitizers can be costly, and most of them contain alcohol and anti-bacterial products that also kill the "good" germs on the skin. Continued use of these alcohol-based hand sanitizers has been shown to produce bacteria resistant to the alcohol and chemicals they contain. This makes you more susceptible to disease in the long run. Another issue with these alcohol-based hand sanitizers is how they dry the skin. Natural products do not have this effect on the skin. In fact, these products are actually nourishing to the skin.

A great solution to this problem is the natural hand sanitizer sold by Butterfly Express. The essential oils and witch hazel will kill both bacteria and viruses, and the essential oils will actually boost your immune system while leaving your body's natural balance of good bacteria alone. You can use this kind of hand sanitizer guilt free!

Assurance

^{LeAssurance} is an especially good choice when there is a need to overcome feelings of anxiety, fear, or apathy that leads to procrastination. It helps to sort out the reasons for the reluctance we are experiencing about working toward or achieving our goals. This blend was created to help us find self-confidence and self-assurance. It provides the enthusiasm to tackle the tasks necessary to achieve our goals.

IQ

^{LeIQ} alleviates mental fatigue and increases mental alertness, aids in concentration, and memory. ^{LeIQ} is useful when one is over-tired but must continue on until a project is completed. ^{LeIQ} contains frankincense, sandalwood, and helichrysum. These oils are high in sesquiterpenes and cross the blood/brain barrier to cleanse, nourish, and carry oxygen to the brain. Stimulating and helpful when feeling faint, shock, and jet lag.

Tranquility

The aroma of ^{LeTranquility} has been known to reduce or eliminate panic attacks and other anxiety based disorders. ^{LeTranquility} can help us develop inner strength, patience, understanding, and confidence. ^{LeTranquility} promotes relaxation, relieves anxiety, stress, tension, and depression. Use ^{LeTranquility} to relieve migraines and tension headaches. Since so many of our minor, but annoying physical distresses have their roots in our emotions and our thought patterns.

Lavender

One of the great emotional gifts of lavender is the feeling of total and unchanging support around us. It leaves us with no room for doubt that we are loved and will be supported in life's challenges and in the process of healing. Lavender promotes faith, even in the hard times. Lavender can help us move from judgement to kindness and generosity. Lavender is a gentle, but effective, sedative and nervine. It can bring relief from anxiety, panic, hysteria, emotional and mental fatigue, headaches and migraines, and insomnia.
